MISSION STATEMENT

The mission statement of this corporation can be summed up as “A Gentle Pathway to Healthy Smiles” We will provide quality dentistry. This aim can be achieved using diversified methods. We aim to alleviate patient’s anxiety of the dental appointment by the use of laughter. Patient education is one of the keys to cooperative effort for the quality oral hygiene. Sincere empathy brings encouragement toward that positive conclusion to the dental experience.

GOALS

We will achieve quality dentistry by practicing the latest technology available. We are committed to the continuance of employee education and the maintenance of up to date technological advances in dental care.

We will achieve quality dentistry and heighten patient satisfaction through clear communication to the patient about their dental needs, thereby achieving quality caregiving to patient rapport.

We will achieve quality dentistry by recognizing and implementing the role of humor in the healing process: believing it is attributable to relieving stress and anxiety.
