Welcome to our practice! We appreciate the trust you have shown by selecting our office to provide your dental care. Unless an emergency occurs, you can expect us to be on time. We appreciate your being prompt also.

Because your dental health is our top priority, we strive to provide you with the highest quality dental care. That is why we keep up on new dental techniques which improve our professional skill and expertise. Most importantly, we are sensitive to our patients' feelings and encourage open communication about your dental care.

On your first visit with us, we will listen carefully to your dental concerns and answer all of your questions. You can expect a thorough oral examination including only necessary x-rays, and a discussion of the most appropriate treatment to meet your oral health goals.

Enclosed is our health history form. Please complete and bring it at your appointment. If you have dental insurance, please bring your insurance card as well. While we strive to give you the most accurate information possible regarding your insurance policy, we encourage our patients to become familiar with their individual plans to prevent any confusion. Please remember that you are responsible for your balance at the time of service. If you have any questions or concerns, please feel free to contact us. A map of our location is conveniently located on our web site.
